The Beatles' Monopoly: On April 4, 1964, the Beatles held all top five positions on the Billboard singles chart, a record that has never been broken.

Space History: Yuri Gagarin became the first human in space on April 12, 1961.

Titanic Anniversary: The "unsinkable" ship sank on April 15, 1912, a major event that still shapes ocean safety regulations.

Literary Giants: Both William Shakespeare and Leonardo da Vinci were born in April, with Shakespeare born and dying in April.

April Fools' Roots: Known for mischief, the origins of April 1st may stem from the change from the Julian to the Gregorian calendar, where those slow to catch on were mocked.
